ARMY TANK WILL ARRIVE IN CHARLEROI DURING COMING WEEK

Original Schedule Changed and Is Expected to Be Here Over Night

EXHIBITION AT MAPLE CREEK

Through the efforts of Chairman Daly, it is likely the date forr the appearance of the whippet tank in Charleroi will be changed to a more suitable hour. As the schedule now reads the tank was to appear in Charleroi Thursday morning, April 24, between 8:15 and 10:15 a. m. This the local committee deemed a very unsuitable hour, and efforts have been under way for several days to get it changed. Mr. Daly sent several telegrams to Cleveland with reference to the matter, suggesting an itinerary that would be more suitable for the people of this section, and this morning he received a long distance telephone saying that his suggestions had been adopted. By the new arrangements Mr. Daly hopes to have the tank in Charleroi over night, the exhibition to be given during the early evening, thus affording our citizens a better opportunity for viewing the operations of such a modern war machine.

It will be met by a committee headed by Rolla Hormell with D. G. Callahan as assistant, as well as by all of the returned soldiers of the borough, who will be asked to appear in uniform and who will act as a guard while the tank is here performing the various stunts which the local committee will provide for the satisfaction of the people.

The tank is accompanied by two soldiers from the Tank Corps, two speakers and three salesmen. The tank, which weighs six tons, is an exact duplicate of the French Renault type, and considered one of the best used in service on the western front. The local committee will have the exhibition near the water pumping station and this modern war chariot will be given an opportunity to do its stunts o ver the declivities near the mouth of Maple Creek.

The tank is hauled from town to town on a trailer which weighs two tons, and the motive power is provided by five-ton truck. After leaving here the tank will go to West Monessen and from there cross the bridge into Monessen for a similar exhibition.

It is the purpose of the local committee to have a band out to welcome the tank party and with the returned soldiers and citizens as an escort will make a splendid reception committee. It is expected the exhibition will be witnessed by thousands of our citizens.

Samuel Mikesell a lifelong resident of Scenery Hill, died at his home Wednesday evening in the 77th year of his age. He is survived by his widow and six children, among them O. Evans Mikesell, county sealer of weights and measures.

HERBERT C. DREYER IS HOME FROM FRANCE

Herbert C. Dreyer of Co. B, 362nd Infantry, 91st Division, arrived in New York on the steamer Edward Luckenbach, after a year's service in rance. Herb. formerly lived in Charleroi, but moved to Ellsworth, where he was employed when he was called for service. He expects to be released from service within a few days, after which he will come to Charleroi to visit with friends before going on home.

FAREWELL DINNER TO W. B. PATTERSON

A farewell dinner was tendered to W. B. Paterson at the Elks Club Wednesday evening, by a number of his friends and while there was a tinge of sadness because of the departure of the guest of honor for other fields of endeavor, yet there was spirit of good fellowship which attested the high esteem in which the guest is held here in Charleroi. Besides the guest of honor, those who were present were John B. Schafer, Hugh E. Fergus, E. W. Hastings, A. D. Spencer, D. B. Hormell, Dr. McNaughton, J. W. Huffman, Wiley McCarty, C. S. Bateman and J. D. Berryman. During the progress of the dinner the hosts expressed their sentiments as to the esteem in which they held their guest, and while they regretted to lose him as a resident and a neighbor, they congratulated him on the advancement given to him by his company in transferring him to a larger field of endeavor. As a further token of their esteem they presented him with a handsome walrus traveling bag.

This evening Mr. Patterson leaves for Mansfield, Ohio, where he will have his headquarters and where he will be in charge of three counties for the Prederitial Life Insurance company, which he so capably represented in Charleroi. His family expect to follow him within the next few weeks.

ATTENDANCE INCREASES AT SPECIAL SERVICES

The attendance at the First Christian church, where evangelistic services are now in progress, was the largest last night of any night so far in the meeting. The music was splendid. The choir sang "The Awakening Chorus," to the delight of all present. Mr. Woods sang for his solo, "I Want to see Jesus, Don't You" The Anchor Bible class was out in a body, forty-five members being present. Tonight the Star class and Golden Rule class will be present, both classes sitting together. A large delegation is also expected from Perryopolis. The sermon subject for this evening will be "The Way, the Truth and the Life." The usual song service will precede the sermon.

Getting A Good Start For The Victory Loan

"Not what we gain, but what we give, measures the value of the lives we live." This is the slogan of Beaver County, which has gone "over the top" in every loan issued by the Government. The people of Beaver, however, have not copyrighted the slogan, and if the people of Charleroi or of Washington county, wish to use it, they are welcome to it. Or, maybe, we can suggest our own slogan for this campaign, which will be the last of the Liberty Loans to be issued by the Government.

But, whether we have a slogan or not, we have the spirit that will mean the success of the campaign. Charleroi has done nobly in the past; it will do equally as well in the next three weeks during which time the loan campaign will be under way. We cannot afford to fail. We have fought the war, we were required to make large purchases of war material; great armies had to be sustained; expenditures were necessarily large, and now we must pay the bill. The Liberty Loans and the Victory Loan will help materially in meeting these obligations which were incurred in such a glorious cause.

The government offers the Victory Loan on liberti payment terms—10 per cent with application, 10 per cent July 15, 20 per cent Aug. 12; 20 per cent September 9, 20 per cent October 7, and the final payment of 20 per cent on the 11th of November. The bond campaign will open April 21 and close May 10.

Let's be set for a flying start.

COL. THOMPSON IS AWARDED SERVICE CROSS

Col. Joseph H. Thompson, commander of the 110th Infantry, has been awarded the distinguished service cross for conspicuous gallantry at Apremont, rance, October 1, 1918. The citation was issued by Gen. Pershing, commander of the expeditionary forces and refers to Col. Thompson's actions in that engagement, when he "encouraged his battalion in the front line by constantly braving the hazardous fire of machine guns anr artillery," his courage being mainly responsible for the repulse of the enemy forces.

FRANK LANE IS HOME FROM ARMY S ERVICE

Frank G. Lane, city editor of the Daily Independent of Monessen returned home on Monday, after being honorably discharged from the United States Army. Mr. Lane was Sergeant Major of the 33rd Battalion of the 110th Infantry and was on the firing line for some time. He is being cordially greeted by a large number of friends.

FIRST PUBLIC MEETING FOR THE COMING VICTORY LOAN

Will Be Held Next Monday Evening in First Christian Church

W. S. VANDYKE CHIEF SPEAKER W. S. VANDYKE, CHIEF SPEAKER

The first town meeting in the interest of the Victory Liberty loan campaign will be held next Monday evening at 8 o'clock in the first Christian church in charge of John D. Berryman, chairman for the Charleroi district. A pleasing program is now being prepared by Mr. Berryman and his assistants, in which music as well as good speaking will be features.

The principal speaker of the evening will be W. S. VanDyke, of the Real Estate Trust Company of Pittsburg, who was heard to such advantage in Charleroi last spring. In addition Chairman Berryman has also been fortunate in securing the services of Lieutenant Clarence O. Devore, who served in the American army overseas with the Seventy-ninth Division and who will give a 15-minute talk on the experience of the soldier at the front.

As the meeting is open to the general public Mr. Berryman hopes that the auditorium of the church will be crowded to its capacity and the campaign started off with splendid enthusiasm.

STEAMER BREEAKS SHAFT ON WAY DOWN RIVER

The steamer W. D. Wayman of the Carnegie Steel company, while on the way down the river Tuesday evening with five steel barges loaded with coal, broke her shaft while passing the lower end of Monessen. The boat was landed at Webster and the Clingerman took boat and tow on to Clairton. It will require a couple of weeks to get a new shaft in position on the boat, during which time an extra steamer will have to be secured to take her place in the line.

URGE TEACHERS TO JOIN ASSOCIATION

Teachers of Washington county are being urged to consider carefully the advantages of membership in the State Retirement association. Present employes, that is, those who were engaged in public school service prior to July 18, 1917, are required to apply for membership before July 1, 1919, when the retirement act becomes effective. New entrants, or those who have been employed in some capacity in connection with the public school system for the first time since July 18, 1917, are members of the association without application.

Supt. Crumrine has been requested to send to all "present employes" notice of the date before which they must enter the retirement association The necessary blanks and information can be secured at Superintendent Crumrine's office at Washington, Pa.

PLANNING FOR THE EASTER SABBATH

The Washington Avenue Presbyterian church is planning for a happy Easter Sabbath. The Christian Endeavor Society begins the day with the annual Sunrise meeting in the church auditorium at 6:30. Then the Sabbath school at 9:40, preaching and reception of members at 11 o'clock. The cantata, "Redemption's Song," by Fred B. Holton, has plenty of movement and a beautiful harmony. It begins with the "Triumphant Entry" and with solos, duets, quartets and choruses follows the last week up the ascension of the Lord. The church is holding services this week meeting each evening at 7:45 and the decorations for Easter will be the most elaborate in recent years.

FIFTEENTH DUE ON THE 24TH OF APRIL

According to information from Washington the Fifteenth Engineers, which sailed from Bordeaux on the 13th of this month, are expected to reach an American port on the 24th inst. They will land either at Newport News or New York. They will be sent to one of the nearby camps for disinfection, after which they will proceed to Pittsburg for the reception and parade now being arranged for.

The sailing date of the Twenty-eight Division has been advanced, according to advices from France, to the 7th of May, and it may be still further advanced if transports are available. Friends hope to have these troops home by the 30th of May.

WHAT SAY THE MOTHERS?

If the success of the coming Victory-Liberty Loan were left entirely to the mother heart of America what would the answer be?

Is there anyone who really doubts that it would be subscribed to the last dollar on the very first day?

Aye, that it would be oversubscribed 200 or 300 per cent?

That, with the assurance that shortly the boys are to be brought home safe and sound. Uncle Sam could freely have the last dollar in the house?

There isn't even a twinkle of doubt around this shop.

For the mother heart of America knows full well what it means to dread from day to day the coming of the yellow slip that tells a son is lost. What it means to wake up in the small hours of the night with fear clutching at one's heartstrings. The horrible fear of that awful casualty list!

And is grateful beyond expression that it is all over now.

That if the boy is not already back he will be coming soon. And safe!

That it cost Uncle Sam something more than twenty billions to put upon the scales the weight that tipped them against Germany doesn't worry the mothers one whit. Were it to cost another twenty billions they would have no regrets.

What after all is money compared to the boy's life.

And if Uncle Sam still owes tremendously for this same preparation, and we must come again to his financial assistance, why shouldn't we? What are a few billions more compared to half a million lives that would have been snuffed out?

Ah, that it might be left to the mother heart alone!

But at that it will be pretty largely.

And that response may be counted upon fully.

Two things are going to make the Victory-Liberty Loan a ripping success.

Gratitude and loyalty.

The mothers and the fathers of the Yanks.

THE HOUSE PROBLEM

Fortunate is the man these days who owns his own home. A man who holds a house by the grace of the landlord is likely to be without a home unless he buys. The housing situation has reached an acute stage, not only in Charleroi, but practically in every community in the country. In many cases the tenants of small houses must either buy or get out.

Never before in the memory of the real estate experts has the homeless home or the apartment seeker been such a drug on the market. Tenants are buying the houses which they occupy in order to keep a roof over their heads. No practical remedy for the present situation has been suggested.

Conditions so far as demands are concerned are bright for building, but the high cost of material and labor serves to make people hesitate. However, that appears to be the only remedy to relieve the present situation, for it looks as if those who desire to build must accept the inevitable and prepare to pay more for their homes. There is no prospect of any lowering of prices for the present—in fact wages will not come down this year, while the cost of materials will practically remain at the present standard.

Apparently we must accept the new conditions which confront us. Comparing present with past prices is not going to help the situation—we are facing new conditions and among them the increased cost of building.

THE INDEMNITY.

Reports from PaPris say that Germany is to be penalized by an indemnity of $25,000,000,000, which she must pay as a phice for the ruthless and barbarous warfare. This sum of course, will be divided among several nations in proportion to their losses during the conflict, with the larger amount likely going to France.

This indemnity may seem like a large amount of money, but if Germany had been successful and had been able to impose her terms upon thhe balance of Europe, we can rest assured they would never got off so easily. The twenty-five billions would have been "small change," in a sense, in the eyes of the Huns, who would have laid such a burden on the other countries as to have practically enslaved them for generations. Taking the German view therefore, the allied countries are very lenient with that criminal nation, which deliberately began the war and which conducted it for four years with such brutality and fiendishness.

LET THEM BLOW

There is danger of dignifying, of at least of advertising, the vaporings of anarchistic agitators by passing laws to suppress their publications and utterances, says the New York Commercial. America has followed England's example in letting the discontented talk as much as they please. It has worked as a safety valve to guard against explosions, and it has brought into the open those who oppose and seek to overturn the existing social order. In time of war nothing must be permitted to interfere with military operations, but in time of peace the suppression of free discussion is more dangerous than the arguments of the agitators. The laws we have forbid incitement to riot or armed resistance to officers of the law. If the enemies of society unite to overthrow the American government through a bloody revolution it should be easy to punish the agitators after they have furnished the evidence in spoken, printed or written words. Vanity is the chief characteristics of the agitator and he will talk his head into a hangman's noose if given a chance.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filterers of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning.

After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

RED BLOODED PEOPLE LIVE THE LONGEST

Red blooded people retain their youth and vigor until late in life because red blood ages slowly.

A child with impure blood seems old, while an old man with pure red ironized blood seems young.

Impure blood clogs the system with waste matters, rapidly ageing body, mind and spirit.

Pure blood is red blood, rich in Iron and Phosphates with power to rid itself of waste matter and able to carry life-giving oxygen to every cell and nerve. It makes both young and old bright, happy, keen, and interested in life. This is the blood you need, every day of your life, the rich red blood made by pure food, fresh air, restful sleep and "Phosphated Iron the red blood and nerve builder".

Phosphated Iron enriches your blood and nerves, putting them in shape for work. Improves your color, increases your appetite and gives you strength, vigor and power to enjoy both work and pleasure, makes you feel like doing things once more.

Phosphated Iron is prescribed by leading doctors for all who are worn out, run down, nervous, weak and thin blooded people in all walks of life, they have learned to depend on it for honest results.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron, we have put in capsules only, so do not allow dealers to substitute pills or tablets, insist on the genuine, in capsules only.

DATE FOR MOCK TRIAL IS FIXED

Final and definite arrangements were completed at last evening's meeting of Charleroi Circle, No. 303 P. H. C., for the mock trial which will be held in the Bank of Charleroi hall the evening of May 14th, this being the regular meeting night of the Circle.

Great interest is being taken by all the members and especially by the younger set, who will be active participants, while the legal and professional parts will be taken by some of the old timers. Thhe case will be for $10,000 damages in a breach of promise suit, and two prominent young members of the Circle will be the principals. Full details will be announced in a program which is now being formulated and in the meantime the "attorneys" are busy digging up some important "testimony" which will be offered at the trial. From the amount of interest being taken in the event it promises to be the leading social affair of the season for the Circle.

Four of North Dakota's Non-Partisan party state officials are in open revolt against the "autocratic rule" of A. C. Townley, whom they accuse of being a thoroughly selfish and tyrannical boss. There is no cure for radicalism in politics like radicalism in power.

100 New Suit Styles for Easter

Showing Every New Fashion for the Spring and Summer Season

$29.50

This group of new spring suits represents values as high as $40 and among these models you will find a great variety of the most attractive spring styles They are mostly navy blue shades, but there are a few other popular spring shades and combinations that are sure to appeal. If you have not yet bought your Easter clothes you could do no better than to make a selection from among these special priced suits, for they are better values than you will find in a sale.

$48.50

This is a group of suits showing the styles that will be the most prevalent on Fifth avenue in the Easter parade. The selection has just arrived from some of the most authentic makers of women's garments and the spirit of Easter is rampant among them. The materials are such as you will find in suits selling as high as $60 and up. In fact these suits were made to sell at that price but through a special purchase we are able to offer them at far less.

Stunning Styles in Easter Millinery

The millinery department with its variety of large and small hats assures every woman of a fine hat with plenty of the touch of individuality and a hat that will surely become her. The Mitzie sailors and the larger poke bonnets which will be so popular for the spring and summer seasons are both here in a fine variety of prettily colored straws $5 to $15.

POSTERS MUST NOT BE DESTROYED

F. D. Glover, Feld Secretary for the Publicity Department of the Fourth Reserve District, with headquarters at Cleveland, has written to Kerfoot W. Daly, chairman for the eastern area of Washington county, asking him to make public the fact that "persons guilty of tearing down Liberty Loan posters are guilty of destroying Government property are liable to arrest, fine and imprisonment."

While the local managers are not apprerhensive over any damage that might come to any of the posters now being placed, they deem it wise to make public the status of these display cards, that the public might be advised of the penalties attached for disturbing them.
